RUTGERS
School of Arts and Sciences

Greeting from the Executive Dean

Congratulations School of Arts and Sciences Class of 2022!

After two years of virtual spring convocations, we were able to celebrate together!

Convocation is all about you. This is a moment well deserved. Your achievement—completing your degree requirements during a global health crisis—is historic.

Convocation is also about your future. You now join an accomplished alumni community. Graduates of the Rutgers liberal arts tradition make their mark in the world in many ways: microbiologists working to cure disease; activists using technology to empower ordinary citizens; teachers finding new and effective ways to educate the next generation of students; and countless leaders in law, business, academia, tech, and many other fields.

The education you have received at the school has empowered you with the ability to grow and prosper throughout your lives and to meet any challenge that comes your way. You have what it takes not only to build successful lives, but also to be a positive force in your communities and to make a difference in the world.

It's truly an honor for me to recognize you as Rutgers alumni, tested by crisis and ready for the next phase of your lives as graduates, alumni, citizens, and leaders.

Peter March
Executive Dean

About the School of Arts and Sciences

The School of Arts and Sciences (SAS) was created in 2007 as the centerpiece of a major initiative to transform undergraduate education at Rutgers University, one of the nation's leading public research universities.

The School of Arts and Sciences upholds the tradition of excellence established by its legacy undergraduate colleges—Rutgers, Douglass, Livingston, and University Colleges. SAS continues the commitment to expand access to underserved populations while launching pioneering and nationally recognized programs.

Today, SAS is a globally engaged, 21st century teaching and research institution, dedicated to meeting the challenges of a rapidly changing world while offering students unparalleled access to renowned faculty across the life sciences, humanities, mathematical and physical sciences, and social and behavioral sciences.

The largest and most comprehensive school at Rutgers, the School of Arts and Sciences offers more than 50 majors, a residential Honors Program, and Signature Courses that explore issues of enduring importance and contemporary challenges.

With its historic central location on Voorhees Mall, SAS is a major presence throughout the New Brunswick and Piscataway campuses, from ivy-covered classroom buildings on the Douglass Campus to state-of-the-art laboratories on Busch and Livingston campuses.

Dear SAS Class of 2022:

Congratulations!

How fortunate for you all to have a special set of graduation experiences. It was a great honor to celebrate all of your achievements in person with your family and friends.

As a graduate of the Rutgers School of Arts and Sciences (SAS), you are in the best position possible to make an impact on humanity, whether by helping one person, your town, the nation, or even the world. Your talent and energy will be a welcome addition to the workforce and your community.

Take your Arts and Sciences education and time "On The Banks" and think big about your post-graduation goals, but don't forget to make time for fun!

As the president of the Rutgers Alumni Association (RAA) and a 1996 graduate, I invite you to stay connected with Rutgers through the Rutgers Alumni Association and learn how you can stay engaged, get involved, and meet fellow alumni who can help with your life's goals and dreams.

Congratulations from all of us at the Rutgers Alumni Association and we look forward to seeing you soon!

Best wishes,

Brian N. Tobin, RC'96
President, Rutgers Alumni Association

School of Arts and Sciences
Candidates for Baccalaureate Degrees

As of June 1, 2022

The School of Arts and Sciences congratulates all students whose degrees were completed in January 2022, as well as students whose degrees are to be completed in May 2022. Official certification of degree completion is contingent upon final Spring 2022 grades. We offer best wishes for successful completion of pending coursework to August 2022 degree candidates.

The Academic Costume

The wearing of academic dress dates back to the early days of the oldest universities in the world. In the American Council on Education's book entitled American Universities and Colleges, it is suggested that "Gowns may have been counted necessary for warmth in the unheated buildings frequented by medieval scholars. Hoods seem to have served to cover the tonsured head. . . ."

Throughout the years, European universities have continued to show great diversity in their academic dress. American universities, on the other hand, when they decided to adopt academic dress, immediately established a code of regulations which today is followed by almost all American institutions. The establishment of this code has made it possible to distinguish between the Bachelors, Masters, and Doctors, and, at the same time, recognize the university which has given them the degree.

Gowns: Bachelor's gown has pointed sleeves and is worn closed. Master's gown, worn open or closed, has oblong sleeves, the front part of which frequently is cut away at the elbow. Doctor's gown has bell-shaped sleeves. It is worn open or closed. Cotton poplin or similar material is used for the Bachelor's and Master's degrees, and rayon or silk ribbed material is used for the Doctor's degree.

Hoods: The hoods vary in sizes: 48 inches for the Doctor's degree, 42 inches for the Master's, and 36 inches for the Bachelor's. All hoods are lined in silk in the academic color or colors of the institution conferring the degree. If the institution has more than one color, the colors are shown in divisions using chevrons. The binding or edge of the hood is usually made of velvet in the color designating the subject in which the degree was granted.

Below is a list of some of the faculty colors as prescribed by the Intercollegiate Code for the binding of the hood:

Agriculture	*Maize*	Medicine	*Green*
Arts, Letters, Humanities	*White*	Music	*Pink*
Business Administration, Commerce	*Drab*	Nursing	*Apricot*
		Oratory-Speech	*Silver Gray*
Economics	*Copper*	Pharmacy	*Olive Green*
Education	*Light Blue*	Philosophy	*Blue*
Engineering	*Orange*	Physical Education	*Sage Green*
Fine Arts, Architecture	*Brown*	Public Administration	*Peacock Blue*
Journalism	*Dark Crimson*	Science	*Golden Yellow*
Law	*Purple*	Social Service	*Citron*
Library Service	*Lemon*	Theology and Divinity	*Scarlet*

The color or colors of the lining of the hood for the nine colonial colleges are: scarlet, Rutgers; crimson, Harvard; green-gold-silver, William and Mary; blue, Yale; red-blue, Pennsylvania; orange-black, Princeton; light blue-white, Columbia; brown, Brown; and green-white, Dartmouth.

Caps: Black mortarboards or soft hats are worn for all degrees. The gold tassel signifies a Doctorate.
